

Clamping profile

Clamping profiles are used to connect individual filter pockets.

Material

Recycled ABS

Surface

Matte or glossy

Color

Black or grey

Packing

Cardboard box of 550 - 1100 pieces

Types of filter fabrics

PF-1A-C: G3-G4, M5, M6-F9; **PF-1A-S-C:** G2-G4; **PF-2A-C:** M6 (325g/m²)

Lenght

267 mm, 470 mm, 572 mm, 872 mm, 3 000 mm or as specified

Use

Part of the pocket filter frame

Chemical resistance

Against dilute acids and bases as well as aliphatic hydrocarbons, oils and fats, alcohols, petrol and oils

Solvents

Aceton

Properties

Thermal	Softening temperature	ISO 306	92 - 102 °C
	Heat deflection temperature	ISO 75	85 - 95 °C
Mechanical	Tensile strength	ISO 179	25 - 40 KJ/m ²
	Bending strength	ISO 178	2 000 - 2 100 MPa

Catalog numbers

PF-1A-C	for standard fabrics G3-G4, M5, M6-F9
PF-1A-S-C	for thin fabrics G2-G4
PF-2A-C	for thick fabrics M6
