

Frames for Panel Filters

The main frame (profile) of the panel filter in black or gray. We produce frames in two standard dimensions – 48 mm and 96 mm.

Material			
Recycled ABS			
Surface			
Matte or glossy			
Color			
Black or grey			
Packing			
PF-48-C: In cartons of 80 to 160 pieces, PF-96-C: In cartons of 40 to 80 pieces			
Lengths			
242 mm, 445 mm, 547 mm, 3000 mm, or as specified			
Use			
Part of the pocket filter frame			
Chemical resistance			
Resistant to diluted acids and bases, as well as aliphatic hydrocarbons, oils and fats, alcohols, gasoline, and oils			
Solvents			
Aceton			
Properties			
Thermal	Softening temperature	ISO 306	92 - 102 °C
	Heat deflection temperature	ISO 75	85 - 95 °C
Mechanical	Tensile strength	ISO 179	25 - 40 KJ/m ²
	Bending strength	ISO 178	2 000 - 2 100 MPa
Catalog numbers			
PF-48-C	48 x 22.5 mm		
PF-96-C	96 x 22.5 mm
